Dear Dr. Robinson:

I thank you for sending me a copy of "The Legacy of Islam" for review. I will give it careful attention. The book is of great interest to me.

One of our students, Mr. Holloway is trying to get to the Buffalo Student Volunteer Convention and is, I think, writing to you to ask whether you desire a full report of that Convention, and whether in that case you would be willing to pay him something for his work as reporter. I do not know whether such an arrangement is possible, but he is a worthy student and I leave the matter entirely to your judgment.

Faithfully yours,
